

INTERNATIONAL MASS SPECTROMETRY IMAGING CONFERENCE
OCTOBER 23-25, 2023
Centre Mont-Royal, 2200 rue Mansfield, Montréal, Québec, H3A 3R8

INVITATION TO SPONSOR

We are pleased to invite you to the 1st conference of the newly formed International Mass Spectrometry Imaging Society which is comprised of Mass Spectrometry Imaging Society (MSIS) (Europe) and Imaging Mass Spectrometry Society (IMSS) (US).

As with the past OurCon conferences that were organized jointly between IMSS and MSIS, this conference is a global forum on mass spectrometry imaging (MSI) research.

The scientific program will aim to reflect cutting edge innovations and current developments in MSI, alongside new applications in various areas. As usual, to complement the workstream program, a range of fun social events will be offered to delegates and accompanying persons making this an attractive opportunity to meet like-minded scientists and collaborators from different fields.

Centre Mont Royal is conveniently located in the heart of downtown Montreal known as the Golden Square, renowned for its rich architecture, fine shopping, museums, and great dining. Centre Mont Royal is also located amidst numerous hotels within seconds walking distance. The venue is directly accessible by an underground parking lot which leads directly into the Centre. The Centre is also accessible through the underground Metro, Peel Station.

We are fortunate to secure excellent space for exhibition and poster displays, which will include all receptions and coffee breaks.

Montréal is the second most populous city in Canada and is the largest city in Canada's Québec province. Founded in 1642 as *Ville-Marie* or *City of Mary* and is set on an island in the Saint Lawrence River. The City was named after Mt. Royal, the triple-peaked hill at its heart. Its boroughs, many of which were once independent cities, include neighbourhoods ranging from cobblestoned, French colonial Vieux-Montréal – with the Gothic Revival Notre-Dame Basilica at its centre – to bohemian Plateau

We look forward to welcoming you to Montreal!
